Planet Vegeta was the deadliest planet in the entire universe. The Sayins were known as the most ruthless and were highly and respectively feared.

Some people would kill to be a Sayin because they say that they have a life of a king. Everyone except Bulma Briefs. She was the only one with the most odd hair color and eyes, when everyone else had brow on black hair with gray or Ebony eyes, Bulma had bright blue hair with deep blue eyes.

When she was born the king wanted to kill her at birth but after a few hours of proving and convincing. Her parents convinced the king and queen that Bulma was normal and she was not a threat to anyone on the planet.

When Bulma was five she was laybled as the smartest persorn in the universe, she adapted fast to being in the lab 24 hours a day. At the

age of ten she wanted to learn from her farther and uncle how to fight and she was taught for a few months until the king issued out a law that no woman on the planet is aloud to train any longer, from that day forth woman were only good for mating and were forced to were dresses.

Bulma however was against it and trained every single day in secret. She felt bad going against her father and her king bug she wasn't going to be discriminated by her gender. She loved to fight, and she could fight good too.

And this was the exact reason why she and the prince will soon clash.

It was a normal day for Bulma, she had just finished her work in the lab and today was the perfect day for some training. Getting of her chair she packed everything awayd and shit off her computer. " Bye Bardock.'' She said in a happy voice. He eyed her . " Bye. " He muttered.

As Bulma reached her room she got dressed in a baggy tee and some sweats with running shoes. Checking to see that no one was there she opened her window and sped out at the speed of light ready to begin her training.

Vegeta woke up , tired he rolled over and felt something soft and warm in his bed. it was the woman he had laid the night before. His face turned into a scowl as he ripped the sheets of him and got up. The woman stirred and woke up.

" What are you still doing here? Get out of my room you insolent useless woman " Vegeta said coldly. The beautiful woman gasped as tears ran doen her cheeks but didn't argue just bowed her head. " Yes my prince." She wispered and wrapped the sheets around her as she got up. Vegeta opened the door and she walked out .

Sighing he walked to his bathroom and took a shower . The hot water rolled down his back. 'Today father's going to give me the same lame boring speech about getting a mate at breakfast.. great.' He sarcasticly thought.

Turning off the water he got out and put on his Saying armer. He then walked out of the bathroom and room to join his parents at breakfast.

Bulma landed within the royal grounds. She plannend on using the nice open space to train her heart out. Of course she knew she was breaking the law and if she was caught she would be in a lot of trouble. She was breaking the law since she was ten , she really didn't care that moment.

Getting into.a fighting stance she did her karta, the usual high and low kicks and punches. After that she blasted a few ki blasts in all the directions she could think of.

" You! Hey lady! What do you think you're doing on the royal grounds? this is a restricted area. " A voice snarled. Bulma stopped her training and took of to the air. 'Shit!' she cursed as she tried to quickly fly away.

One of the guards caught up to her and yanked her back to the ground with him." Let me go you stupid face! "Bulma fought. The gaurd that held her just smirked. "No can do lady, I'm sure the kind would love to here about this don't you think? "He asked darkly

Vegeta sat at the breakfast table with a blank face , he tried hard not to show his irritation for his family as his father ranted on and on about how he was to find a mate soon or there would be one chosen for him.

- " Honestly Vegeta, you need to get your act together , you can' t possibly stay forever single." King Vegeta lectured. Vegeta resisted the urge to roll his eyes. " Anything is possible" He mumbled under his breath.
- "What was that? "His father asked sternly. "I said that I'll get a mate soon father." Vegeta replied. King Vegeta's face showed delight." Good son now let's eat, the food's getting cold." Vegeta could not be more happier to hear that and dug into his own plate.

The door opened. " I'm sorry to desturb your meal your majesty but some lady was found training in the royal grounds earlier." WHAT!? a woman training on MY planet? Bring her to me now . " The king said outraged.

The guard nodded aand signaled for the orheres to come in. A gaurd was revealed pulling a fighting blue haired woman into the room. "Unhand me now."Bulma said and with one free arm hit the guy on the side of the face.

He stumbled shocked. " Ouch for a lady you can pack a punch!" he complained and rubbed his sore jaw. Bulma huffed in satisfaction. "That'll teach you. "She grunted out and flipped her hair from her eyes.

"Miss Briefs? " The king asked in disbelief.

Bulma hung her head and stared at her feet and messed with her fingers nervously. "Hi." She replied.
